Specialists in Property Management

Property Services

- ▶ Payment by direct debit
- ▶ Spread the costs over 12 months
- ▶ One monthly payment covers all maintenance needs

Property Services has been structured to allow each individual owner to determine the repairs budget for their own property the year. The annual budget is then split into monthly payments.

Your budget can be used to pay for small and large repairs to your home which occur over the course of the year. It can also be used for gas boiler servicing and repair.

If you don't use the full amount, the credit can be refunded or carried forward to reduce future payments. It's that simple!
